

## Razor 420

The 4.2m Razor S is a light weight model for those after the features of a plate boat but having the weight of a pressed boat. This boat is made from 3mm 5083 marine grade Aluminium, keeping it strong but reducing its weight.

Coming standard with pedestal seats, carpeted high floors, side pockets and a rear step it gives you the luxury features you'd see in a plate boat. These boats are suited for the estuaries and river systems, with a beam of 1885mm it gives you space to move while allowing you to sneak into those tight fishing spots.

- Fully Carpeted high Floor
- Front Casting Deck with two hatches and Storage
- Side Pockets
- Side Rails
- Bow Rails
- Nav Light Brackets
- Rear Step & Rails
- 1 x Transducer Brackets
- Anchor well
