

Razor S Plate

Available Sizes— 4.4 4mm bottom and sides (LS)

4.8 5.1 5.6 4mm bottom and sides (XLS)

The “Razor S” is by far the most popular model in the Aluvan range. It’s spacious layout, large storage area and core features make for a multipurpose yet economic platform. The front cast deck provides a massive storage hatch for all your gear and the 86L drained keeper tank provides a large area for your catch or extra storage. Coupled with the fine entry and wide stance of the Pro-X Hull, gives you a “Get in and Get it done” package that is budget friendly.
